

Learn the painting techniques Dianna used to create her award winning cake which is also featured in The Sweet Life Series - 2010 A Baker's Dozen Calendar.

A combination on gels, color dust, and airbrushing will be used to re-create a mini version of this cake.

Class supplies brought by students:

Cover your dummies in a light pastel shade of your choice – remember you want the black to really stand out so pale shades work the best. Please tier a 4 inch and a 6 inch round on an 8 or 9 inch cake drum. Please bring a variety of round fine tip (0) brushes. (Liners, Ultra Rounds, Script Liners and Spotters) If you have small angel shades, you may bring those as well.

Instructor will supply paint as well as other supplies.

If you want to use certain colors that you have – you are welcome to bring it and encouraged to bring your creativity and make it your own.
